

FREE Battery Collections & Recycling

Application Form

Please complete below and return to WEEE Ireland to avail of **FREE Farm Fence Battery Recycling** from your store. As a retailer (distributor) of batteries you must legally take back end-of-life batteries for recycling. The batteries should be similar to the ones you sell and should not be leaking or damaged. No purchase is necessary to return batteries.

Please complete in **BLOCK CAPITALS**

Name of Company / Store: _____

Contact Name: _____ Date: _____

Collection Point Address: _____

I the undersigned on behalf of _____ (company name/stamp) hereby authorise WEEE Ireland to forward my details to their appointed waste battery contractor(s) and agree to provide them with access to all waste farm fence batteries arising at my premises for collection and recycling from the date above.

Signature: _____ (authorised signature)

Print Name: _____

What do you have to do?

Simply follow the steps below to join the WEEE Ireland Waste Farm Fence Battery Collection System and to help you comply with distributor/retailer obligations under the current Battery Regulations (SI 268).

- Step 1:** Complete the enclosed application form to avail of WEEE Ireland's
FREE Waste Battery Collection Scheme
Return this to WEEE Ireland, Suite 18, The Mall, Beacon Court, Sandyford, Dublin 18 or Fax: 012959410 or Email: info@weeeireland.ie
- Step 2:** On receipt of the above WEEE Ireland will issue you with details of your designated waste battery contractor. Keep a record of this contractor in your store for future collections.
- Step 3:** Erect the relevant legal poster included in this pack within 1 metre of the point of sale or, as appropriate, display of batteries.
- Step 4:** Make the WEEE & battery recycling information leaflets available to the consumer.
- Step 5:** Store all waste farm fence batteries on a pallet in a weather proof area if possible.
- Step 6:** When you have one or more pallets of farm fence batteries* you can contact the designated contractor for a collection.

**A pallet constitutes minimum 20 farm fence batteries which must be neatly stacked on a pallet and shrink wrapped where possible.*

NB: Retailers importing farm fence batteries from Northern Ireland, the UK or further a field or placing own brand batteries onto the Irish market may have Producer Responsibility obligations including registration with the WEEE Register Society. Please contact WEEE Ireland for further details.
